CAPTURED MOMENTS

With the cooler and rainier days, we have had the gift of exploring the fallen leaves. Some students made a "leaf mountain", while others tested which way the wind blew by tossing up piles of leaves. K/1 students collected and sorted them into rainbow patterns! Soon, the leaves will decompose, so we will enjoy them while they're here!

Div. 2 students learned about different physical environments. This week, quails hatched in their class! They are learning how environments shape behaviours of animals.
