OUR SCHOOL STORY

Check out documents and reflections of our School Story [HERE](#).

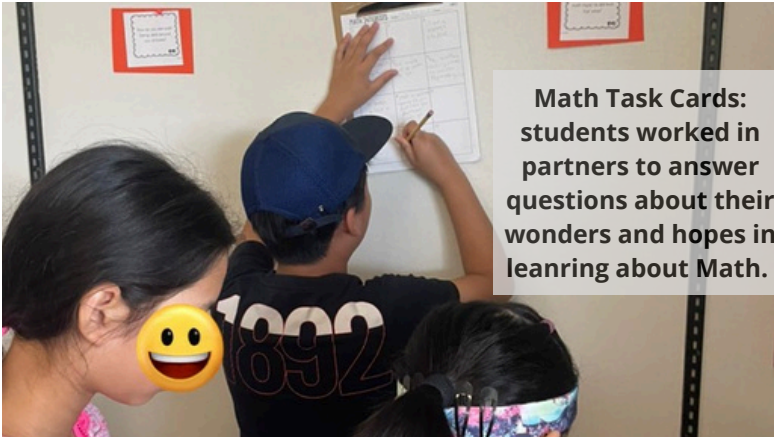

CAPTURED MOMENTS

What happens when chalk and puddles meet? Gr. 1 students noticed changes to textures and colours, and made connections to how we care for each other. "It's just like how we meet friends!" - E.

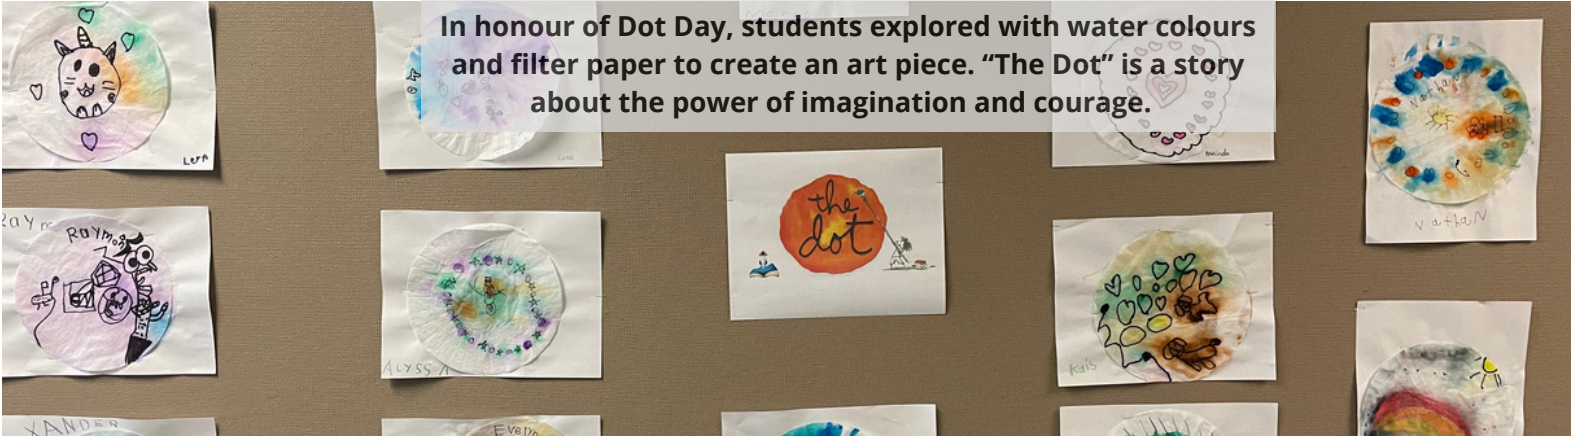

Gr. 2/3 students learning about number concepts through math games.

Math Task Cards: students worked in partners to answer questions about their wonders and hopes in learning about Math.

Kindergarten students developing literacy skills through story time.

In honour of Dot Day, students explored with water colours and filter paper to create an art piece. "The Dot" is a story about the power of imagination and courage.

Thank you to the District Maintenance & Facilities Team for installing our mud kitchen (designed by Wowk students, built by McMath students). Our outdoor learning space is coming together. Stay tuned!
