**A big thank you to the SLSS bands and choir for a great afternoon of performance and music. We finished the afternoon with a mass song, played by SLSS students and Wowk band students! What a great collaboration!**

**Exploring the Salish Weave Collection: a collection of prints by Coast Salish artists. Students learned to identify Coast Salish shapes, while uncovering the stories of each piece. What messages and teachings can be shared through art?**

**As part of the Spuds in Tubs program, students planted potatoes this week! We will work together to tend the soil and nurture the growth, in hopes of a bountiful harvest in June!**
